MEMBERS' CODE OF CONDUCT 2023-2024

1. INTRODUCTION

- 1.1 This Code is intended as a guide, to indicate the standards of conduct and accountability which are expected from College Governors, to enable them to understand their legal and ethical duties, and to assist them, both in carrying out those duties, and in their relationship with the Board and Chief Executive. This Code is therefore aimed at promoting effective, well informed and accountable College governance, and is not intended to be a definitive or authoritative statement of the law or good practice.
- 1.2 Ultimate responsibility for the appropriateness of conduct as a Governor of the College and for any act or omission in that capacity rests with the individual Governor.
- 1.3 This Code applies to every committee or working party of the Board and to any subsidiary company or joint venture of the College to which Governors may be appointed.
- 1.4 By accepting appointment to the Board, each Governor agrees to accept the provisions of this Code.¹

2. DUTIES

- 2.1 Governors owe a fiduciary duty to the College. This means that they should show it the highest loyalty, act in good faith in its best interests, and in a manner consistent with their legal duties. Each Governor should act honestly, diligently and act independently. The actions of Governors should promote and protect the good reputation of the College and the trust and confidence of those with whom it deals.
- 2.2 Decisions taken by Governors at meetings of the Board, its committees must not be for any improper purpose or personal motive. Decisions taken must always be for the benefit of the College, its students and staff and other users of the College and must be taken with a view to safeguarding public funds. Accordingly, Governors must not be bound in their speaking and voting by mandates given to them by other bodies or persons.
- 2.3 Governors must observe the provisions of the College's Instrument and Articles of Government and in particular the responsibilities given to the Board by the College's Articles of Government. Those responsibilities are set out in Appendix 1.
- 2.4 Governors should comply with the standing orders to ensure that the Board conducts itself in an orderly, fair, open and transparent manner and must keep those standing orders under periodic review.

¹ This Code also applies to External Members

- 2.5 Governors should also have regard to the different, but complementary, responsibilities given to the Chief Executive. Whereas it is the Board's function to decide strategic policy, overall direction, and to monitor the performance of the Chief Executive and other senior potholders, it is the Chief Executive's role to implement the Board's decisions, and to manage the College's affairs within the budgets and framework fixed by the Board. Governors should work together so that the Board and the Chief Executive perform their roles effectively.

3. STATUTORY ACCOUNTABILITY

- 3.1 Governors are collectively responsible for observing the duties set out in the Financial Memorandum which the College has entered into with the relevant funding bodies as a condition of receiving public funds.
- 3.2 Although the Education and Skills Funding Agency is the main provider of funds to the College, Governors should note that they are also responsible for the proper use of income derived from other sources, such as the Office for Students and the European Union (EU) and for the control and monitoring of expenditure of such income, in order to meet the requirements of the relevant funding body and public audit.
- 3.3 As accounting officer for the Education and Skills Funding Agency, its Chief Executive is directly responsible and accountable to Parliament for ensuring that the uses to which the Agency puts its funds are consistent with the purposes for which the funds were given, and comply with the conditions attached to them. The Chief Executive, as accounting officer for the College, is also directly responsible and accountable to Parliament, through the Committee of Public Accounts, for the effective stewardship by the College of public funds. The Chief Executive may be required to appear before the Committee of Public Accounts, alongside the Chief Executive of the Education and Skills Funding Agency, to give an account of the use made by the College of such funds. The Board is accountable to Parliament for ensuring the financial health of the College, and to the Courts for ensuring that the College is conducted in accordance with the Education Acts and the general law.

4. PUBLIC SERVICE VALUES

Public service values are at the heart of the further education service. High standards of personal and corporate conduct, based on the principles set out in the Committee on Standards in Public Life (Nolan Committee) – see Appendix 2 – and the recognition that students and other users of the College's services come first, are a requirement of being a Governor, and should underpin all decisions taken by the Board.

5. SKILL, CARE AND DILIGENCE

A Governor should, in all his or her work for the College, exercise such skill as he or she possesses and such care and diligence as would be expected from a reasonable person in the circumstances. This will be particularly relevant when Governors act as agents of the College, for example, when functions are delegated to a committee of

the Board, or to the Chair. Governors should be careful to act within the terms of reference of any committees on which they serve.

6. POWERS

Governors are responsible for taking decisions which are within the powers given to the Board by Parliament under sections 18 and 19 of the Further and Higher Education Act 1992 (amended by Learning & Skills Act 2000). If a Governor thinks that the Board is likely to exceed its powers by taking a particular decision, he or she should immediately refer the matter to the Director of Governance for advice.

7. CONFLICTS OF INTEREST

7.1 Like other persons who owe a fiduciary duty, Governors should seek to avoid putting themselves in a position where there is a conflict (actual or potential) between their personal interests and their duties to the Board. They should not allow any conflict of interest to arise which might interfere with exercise of their independent judgement.

7.2 Governors are reminded that, under the College's Instrument of Government, they must not take or hold any interest in any of the College's properties or receive any remuneration for their services (save as a member of the College's staff) without the written approval of the Secretary of State for Education.

7.3 Governors are reminded that, under the College's Instrument of Government, they must disclose to the Board any direct or indirect financial interest they have, or may have, in the supply of work or goods to or for the purposes of the College or in any contract or proposed contract concerning the College or in any other matter relating to the College or any duty which is material and which conflicts or may conflict with the interests of the Board.

7.4 If an interest is likely, or would, if publicly known, be reasonably perceived as being likely to interfere with the exercise of a Governor's independent judgement, then the interest, financial or otherwise, should:-

7.4.1 be reported to the Director of Governance; and

7.4.2 be fully disclosed to the Board before the matter giving rise to the interest is considered.

Governors must withdraw from that part of the meeting at which the matter giving rise to the interest is considered and on no account may they be counted as part of the quorum, participate in the discussion or vote in relation to the matter.

7.5 Governors must not receive gifts, hospitality, or benefits of any kind from a third party which might be seen to compromise their personal judgement or integrity. Any offer or receipt of such gifts, hospitality or benefits should immediately be reported to the Director of Governance.

7.6 The Director of Governance will maintain a Register of Interests which will be open for public inspection. College Governors/ External Members must disclose routinely to

the Board all business interests, financial or otherwise, which they and their immediate family members may have, and the Director of Governance will enter such interests on the Register. Governors must give sufficient details to allow the nature of the interests to be understood by enquirers. Governors should inform the Director of Governance whenever their circumstances change and interests are acquired or lost. In deciding whether an interest should be disclosed, Governors should have regard to the meaning given to “interest” in paragraph 7.4 of this Code.

8. COLLECTIVE RESPONSIBILITY

- 8.1 The Board operates by Governors taking majority decisions in a corporate manner at quorate meetings. Therefore, a decision of the Board, even when it is not unanimous, is a decision taken by the Board collectively and each individual Governor has a duty to stand by it, whether or not he or she was present at the meeting of the Board when the decision was taken.
- 8.2 If a Governor disagrees with a decision taken by the Board, his or her first duty is to have any disagreement discussed and minuted. If the Governor strongly disagrees, he or she should consult the Chair and, if necessary, then raise the matter with the Board when it next meets. If no meeting is scheduled, the Governor should refer to the power of the Chair or any five Governors under the College’s instrument of Government to call a special meeting and, if appropriate, exercise it, requesting the Director of Governance to circulate the Governor’s views in advance to the other Governors. Alternatively, as a final resort, the Governor may decide to offer his or her resignation from office, after consulting the Chair.

9. CONFIDENTIALITY

- 9.1 Because of the Board’s public accountability, Governors should ensure that, as a general principle, students and staff of the College have free access to information about the proceedings of the Board. Accordingly, agendas, minutes and other papers relating to meetings of the Board are normally available for public inspection when they have been approved for publication by the Chair.
- 9.2 There will be occasions when the record of discussions and decisions will not be made available for public inspection, for example, where individuals are being discussed, or where commercially sensitive information is disclosed. Such excluded items, will be filed by the Director of Governance, and will be circulated in confidence to Governors. However, Staff and Student Governors have no right of access to minutes dealing with matters in respect of which they are required to withdraw from meetings under the College’s Instrument of Government.
- 9.3 It is important that the Board and its Committees have full and frank discussions in order to take decisions collectively. To do so, there must be trust between Governors with a shared corporate responsibility for decisions. Governors should keep confidential any matter which, by reason of its nature, the Chair or members of any committee of the Board are satisfied should be dealt with on a confidential basis.
- 9.4 Governors should not make statements to the press or media or at any public meeting relating to the proceedings of the Board, its Committees without first having obtained

the approval of the Chair or, in his or her absence, the Vice Chair. It is unethical for Governors to publicly criticise, canvass or reveal the views of the other Governors which have been expressed at meetings of the Board or its Committees .

10. ATTENDANCE AT MEETINGS

A high level of attendance at meetings of the Board is expected so that Governors can perform their functions properly. A target for attendance at Board meetings has been set at 75%, Committees at 75% and each individual Governor at 75%.

Governors should present their apologies in advance of the meeting via the Chair or the Director of Governance with the reason for absence explained together with a comment(s) about the matters under consideration, where appropriate. The Board/Committee must consider whether or not to approve any apology for absence received.

A Governor may be removed from office if they have been absent from meetings of the Corporation for a period longer than six consecutive months without the permission of the Corporation.

11. GOVERNOR DEVELOPMENT

- 11.1 Governors must obtain a thorough grounding in their duties and responsibilities by participating in the College's governance induction and development events.
- 11.2 The Board shall seek to ensure that all Governors are appointed on merit, in accordance with an open selection procedure carried out by the Board's Governance & Search Committee, and are drawn widely from the community which the College serves, having regard to provisions relating to the membership of the Board in the College's Instrument of Government and the need for continuity, balance and a range of appropriate skills and interests.

As a Governor of the College, I agree to observe this Code of Conduct to the best of my abilities.
